THE success which attended our introduction of this 'SPECIALITY' last year, induced us to increase our Orders for this season, and our London Agents having secured a very large Lot of SCOTOH TWEEDS of exceptionally good value, we now offer them to our Customers at the above quotation.

It can be readily understood that the profit on each suit must of necessity be small, but we estimate that, from increase of business, a greater profit will ultimately accrue to us than if we charged a higher price.

The same attention will be given, to the making up and fitting of these suits as would be to the most expensive materials.

HONOKONG, TUESDAY, SEPTEMBER 22, 1885. WHATEVER the cause may be, it is quite certain that among the Chinese in Hongkong the respect for law and order, which in former years was so strongly marked, has lately been materially weakened. It may be that the rowdy element has alarmingly increased, and it may be found also that the sentimental modes of treating native offenders now in favour are accountable to some extent for this unsatisfactory condition of things. Whatever it may be, the feeling that punishment for breaches of order is neither certain nor severe, is evidently being revealed in a most disagreeable manner by the rictous behaviour of numbers of Chinese coolies. and the too frequent signs of discontent Mn Nodet, the new Consul for France and insolence shown by the lower clas- the Philippines, has arrived at Manila by ses of Chinese generally. THE inquest on the bodies of the man and woman who were buried alive, while at work, bythe falling down of the wall of a house in Rozario Street, was resumed this afternoon, before the Coroner (Mr. H. Stephen For, 22, Lo Ayau, foreman of the works, Hang Ayee, a stone coolie who was employed on the work, and another coolie. After hearing the evidence the jury returned a verdict of accidental death, adding a rider to the effect that the foreman of the work was partly to blame for the accident? in not having properly supervised the work.
